

Micro magnet

We supply various shapes,size and materials micro magnets

We offer a wide variety of micro magnet products and services. We are good at micro magnet, normly very small and precise magnets. We can supply Alnico, NdFeB, SmCo, ferrite and other materials with very good tolerances. The size(diameter or length) could be at 0.1-10mm, and the tolerance could be +/-0.005~+/-0.02mm with various shapes.

Mini magnet / Micro magnet, we can make the dimension and tolerance with customer's request.

1. Ring Magnets

Inner hole size: <D0.6mm

Tolerance:+/-0.01mm

Thin size>=0.4mm

2. Mini Rod Magnets

Dia>=0.2mm-0.6mm

Tolerance:+/-0.01mm

3. Thin Block Magnets

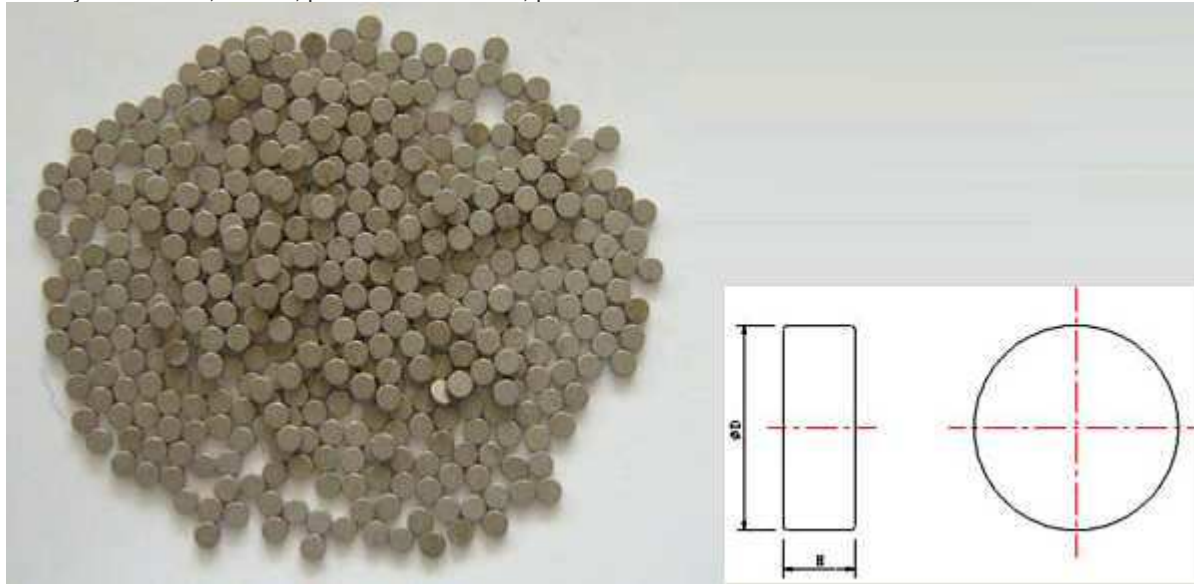

Thin size>=0.5mm

Tolerance:+/-0.005mm

Micro Disc magnet

Application:

Usually for medical, sensor, precision instrument, precision measurement

Standard size & tolerance:

	Outer diameter(mm)	Height(mm)	PointednessR&C
Size	D0.2---D2.0	0.2-15	Based on request
Tolerance	+/-0.005----+/-0.02	+/-0.005----+/-0.02	R+/-0.01

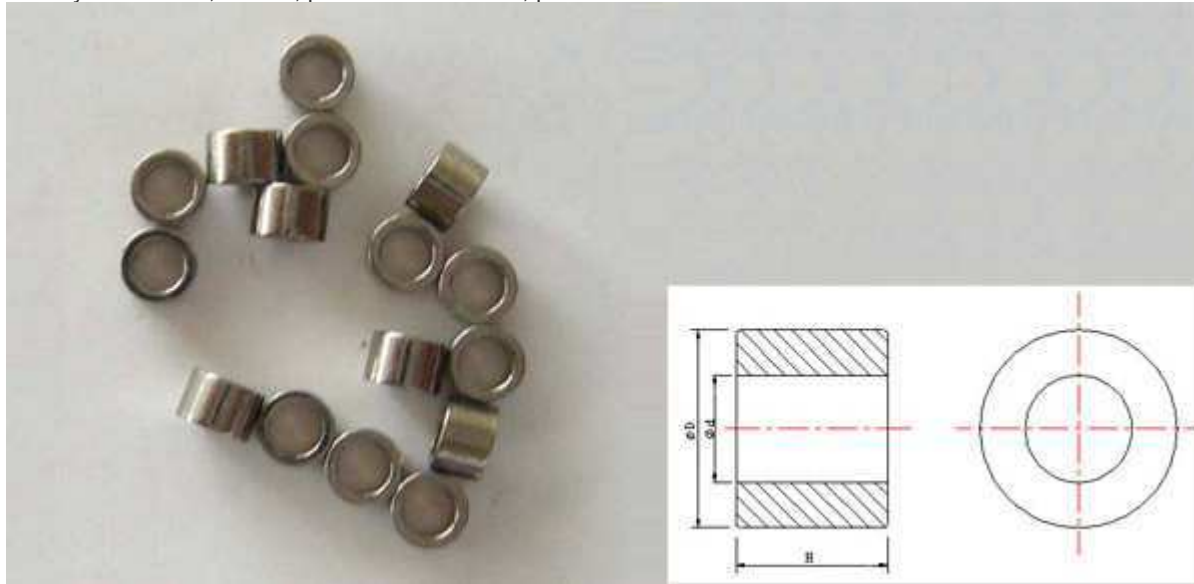

Material:

Smco, Ndfcb, Ferrite...etc

Micro ring magnet

Application:

Usually for medical, sensor, precision instrument, precision measurement

Standard size & tolerance:

	Outer diameter (mm)	Inner diameter(mm)	Height(mm)
Size	D0.8---D10	D0.2—D3.0	0.2-15
Tolerance	+/-0.005----+/-0.05	+/-0.005----+/-0.02	+/-0.005----+/-0.05

Material:

Smco, Ndfcb, Ferrite...etc

Micro magnet for Stepper motors of Automobil meter

Micro magnet for the Stepper motors automob ile meter, and the material is SMCO or Ndfeb.

Standard size & tolerance:

	Outer diameter (mm)	Inner diameter(mm)	Height(mm)
Size	D1.3---D2.7	D0.2—D3.0	0.4---1.4
Tolerance	+/-0.005----+/-0.03	+/-0.01---+/-0.03	+/-0.005---+/-0.02

Ningbo Awork Magnetic Technology Co., LTD.
